CLOVERPORT, KY., WEDNESDAY, JULY 7, 1909.

Kentucky Editors Have a Glorious Meeting--Business Transacted on the Side. Sam Underwood, of Hopkinsville, Elected President.

Estill Springs, Ky., July 2, 1909.—(Editorial Correspondence)—Beautiful Estill! The members of the Kentucky Press Association arrived here Monday evening and to say there has been something doing every moment is putting it in a mild way. Everybody had their energy stirred up for a good time and not a guest was present who failed to get a big slice of fun.

Business was simply brought in on the side, merely to elect Mr. Sam Underwood, president and Dan Bowman, secretary and treasurer. A. D. Miller was elected vice-president and Clarence Woods, orator, Tuesday morning the Association was welcomed to Estill Springs by Mr. Robert Friend. His address was splendid and the cordial spirit of it rippled through the crowd all week. A. Y. Ford, M. H. Thatcher and J. W. Newman, of Louisville, were here Thursday, as were booked on the program.

There was considerable dashing around in the debate: Resolved That State-Wide Prohibition Would be a Good Thing for Kentucky, C. E. Woods, affirmative, T. M. Gilmore, negative. The whiskey lawyer was drowned by the editors and before many hours he was like a fish out of water.

Mrs. Breckinridge, of Lexington, lighted her candle before the Association Thursday morning and the editors were much pleased with the light she threw on school suffrage. There was a large attendance, a delightful set of people and everyone left Friday night reluctantly.

Our Court House at Hardinsburg is a thing of beauty and a joy forever. It never appeared to better advantage than it did last Monday. The Circuit Court room was beautifully decorated for the Teachers' Institute and there were present as handsome and intelligent body of teachers as any county in the State can turn out. The exercises were inspiring and uplifting. Dr. Corson's talk Monday afternoon was one of the best we ever heard in an Institute. No doubt his surroundings were an inspiration. How we are progressing in educational matters! And there's no one prouder of it than this editor.

Judge Moorman has the endorsement of all good citizens for his work in renovating the court house and yard. Men feel more like behaving themselves and acting like men and not like brutes in a clean house. It took courage and back bone for the young Judge to do what he has done, but to our mind no greater work could have been done for the general good and uplift of the county. It is to be hoped that his successor will carry on the good work.

Lee Walls has proved himself a good, painstaking officer, prompt in all his dealings with the public and always on hand when duty calls, ready and willing to serve you. Strictly temperate and a square man. He would make an ideal circuit clerk and the Democrats will make no mistake if they nominate him.

Judge W. E. Settle was at Hardinsburg Monday. The judge is a candidate for re-election. No finer man ever sat on the bench than Judge Settle. An able judge, a genial gentleman, broad-minded and liberal; this district will make no mistake in re-electing him.

Democrats, Independents and conservative Republicans all over the county see in Vic Robertson a clean sweep for victory if nominated at the coming Democratic Mass Convention.

Everybody wants a clean ticket for the Democrats and likewise one for the Republicans. The first one in the field will have the advantage.

The thing to do in this county is to raise more stuff for the kitchen and less for the trusts.

It is the duty of all good citizens to lend a hand in nominating good men for the offices.

WOMAN'S RIGHTS IN NORWAY.

Miss Guia Krog, a Pioneer, Tells What Her Sex Has Gained.

Miss Guia Krog, a prominent Norwegian delegate to the quinquennial meeting of the National Council of Women held in Toronto this month, said recently to a New York Sun reporter:

"The women of Norway have had municipal suffrage and have been eligible for all municipal offices for the last nine years and next fall will exercise their rights as full voters for the first time. Though we speak of it as universal suffrage, we don't really have the same rights to the ballot as the men have at present.

"Before 1898 the men of Norway had suffrage with the taxation qualification. On that date they got universal suffrage. Next fall the women of Norway will begin to vote just about on the same terms that the men did before 1898, with the advantage that married women can vote on the taxes paid by their husbands and unmarried women on those paid by their parents. That is better than the men started with, you see.

"The women of Norway have served on juries for upward of five years. Often a woman is elected as foreman. We serve in all sorts of cases, just as the men do. They look upon us women of Norway as being interested in the welfare of our country aside from our sex. We have no children's court as yet. In its place we have a body of officers, men and women, elected by the municipal authorities to look after the welfare of the children.

"There may be women elected to parliament next fall, but I hardly expect it. You see, with us the Conservative party is very much stronger than the Liberals or the Social Democrats. Our ablest women, those who might be elected to parliament, belong to the Liberals. I hardly expect them to get in.

"One thing we who have worked for suffrage in Norway have noticed—that a good many women held back, refused us their assistance, but now that the work is accomplished they come forward with enthusiasm and are eager to take part in it. I believe the same will be found to be true here in the United States."

HEALTH AND BEAUTY.

A cup of cold water before retiring and a cup of hot water in the morning before breakfast work like magic as a cure for indigestion.

Almond meal is preferred by some women to soap and acts as a pleasing alternative to soap at any time. This softens, cleanses and whitens the skin. The most easily digested foods which contain the greatest amount of nourishment and are free from acids and starches are those best adapted to the child's needs.

A glass of warm water before breakfast is a tonic for the whole system. If the complexion is in need of improvement try squeezing half a lemon into the water just before drinking.

Have as nice towels as you can afford, but pay less attention to the quality than to their cleanliness. There is little use of careful scrubbing if a half soiled towel is used for drying.

Sties almost invariably indicate a weakened condition of the system, but external applications relieve and better the lids. A poultice for the purpose is made from four grams white vasoline and five centigrams each of white precipitate and oil of birch. This is applied at night. A drop of belladonna on a lump of sugar is an old fashioned remedy that is taken when symptoms of a sty are first manifested. At the same time the lids are to be bathed in warm elder flower water.

A skin whitening preparation that can be easily made at home is in the proportion of two tablespoonfuls of oatmeal, a half tablespoonful of powdered borax and a half pint of rose water. Let the mixture stand three days, strain and add a half ounce of alcohol. The addition of the alcohol prevents the souring which is the drawback to so many oatmeal preparations. If preferred, instead of using all oatmeal it can be mixed with half this bulk of almond meal. Either of these washes makes the skin feel soft and smooth if rubbed on the hands or face after washing.

The biggest problem of all to the woman who would keep her good looks is the matter of wrinkles. A generation ago she gave up without a fight, but since the coming of massage and simple devices of all sorts she dares no longer indulge in such disfigurement as long as it may be prevented. One woman's simple cure-all is the cream bath. She dabs her face with hot water until it is heated thoroughly, then applies the cream fresh from the dairy, letting it dry on her face. She puts on more cream, massaging it into the wrinkles particularly. It is then washed with warm water and lightly powdered.

Nail Polish in Tubes.

The latest toilet novelty is a nail polish which comes in a tube and can be pressed out like artists' pigments. The polish itself is of a consistency between a cream and a liquid, easy to put on.

The case is a neat little one, nickel plated, with a top that pulls off, and furnished with an ejector to force out the enamel.

Delicately Put.

"The first day out was perfectly lovely," said the young lady just back from abroad. "The water was as smooth as glass, and it was simply gorgeous. But the second day was rough and—er—decidedly disgorgeous." —Everybody's Magazine.

I Cannot Praise Peruna Highly Enough for the Good it Has Done Me.

MRS. JOHN HOPP.

MRS. JOHN HOPP, Webster Ave., Glendale, L. I., N. Y., writes: "I have been suffering for the past ten years with many symptoms incident to my age, also catarrh and indigestion. I was weak and discouraged, had no ambition, could not sleep at night, and lost greatly in weight.

"I tried other remedies, but with no success, until I commenced to take Peruna. I now feel better in every respect, can sleep well, and have gained in weight. I cannot praise Peruna highly enough for the good it has done me.

"If any women are suffering as I did, I would advise them to try Peruna and convince themselves. Peruna has done me good. I know by my experience that it is worth its weight in gold to any one who needs it.

"I also took Manalin, for constipation, in connection with Peruna, and I found it helped me where other laxatives failed."

New Well of Catarrh. Miss Malissa Jolley, Parmele, N. C., writes: "I have been taking your Peruna, and can say that I am well of the catarrh."

"I thank you for your kindness and your advice."

Why don't you delight the housewife by furnishing her pure and wholesome flour? Your grocer keeps it. It's the Lewisport flour.

Aunt Millie Pate will soon be 92 and is as spry as a kitten.

Crops are very good now, but there has been so much rain there is likely to be a drouth. There is a large fruit crop this year and we hear people will make good use of it.
